

Nights On Nibiru ~ Ninmah

☒ Ninmah comes through Janet Kira Lessin, her archetype, higher self awareness, guidance for Janet individually and humanity. Janet spends nights on Nibiru, reconnected to her Anunnaki self and awareness that she (and we) are multi-dimensional beings having human (and alien experiences) during incarnations. Ultimately, at the highest level of awareness, we are all ONE being subparsing ourselves to have experiences and co-create. We are all equal, equally important.
